Day's News Happenings in Rock Island's Sister City

## DRY HOSTS PICK A RAINY EVENING FOR CONFERENCE

Weather, Out of Tune With the Meeting, Keeps the Attendance Down.

### BUT THE FEW FAVOR FIGHT

Conference Called for Saturday Night to Decide Upon Vote on Local Option.

So wet was the weather that the "dry" meeting at the Swedish Lutheran church last night was not well attended. With a poor representation of the anti-saloon forces, however, action was taken which pretty clearly indicates that local option will be submitted to the voters at the election in the spring.

"We are certain to win," said Mrs. Mary Metzgar after the meeting. "The average person has no idea of the interest the women are taking in this matter. Many have spoken to me on the subject, declaring they desire a chance to vote on the saloon question in the spring. A prominent brewery official told me that the liquor forces intended to organize the women here, as they are doing in Chicago, but I am of the opinion that this will have little effect on the result. It was clear in the last local option vote, and I am certain that with the help of the women voters in the spring the saloon will be permanently retired from Moline."

Chairman C. S. Trevor of the Law and Order League spoke in like vein. He said: "While women of the city are not taking much interest in ordinary politics, I am convinced that they will come to the polls to show their disapproval of the saloon. I have also heard of the movement to organize women in Moline to support the saloon, but in my opinion it merely shows that the liquor interests realize the seriousness of the situation from their standpoint."

It was the first meeting of the Law and Order League since February, 1911. Representatives of most of the temperance organizations of the city were present. It was decided to call a conference of committees representing the Law and Order League, Good Templars, W. C. T. U., Scandinavian Temperance Union, and Ministerial Union, to be held next Saturday night, at which final decision will be made as to the course to be pursued. On this committee were named to represent the league, Samuel Montgomery, J. F. Freeman, Rev. W. B. Slater, Martin W. Johnson, and C. S. Trevor.

At this conference, if it is decided to make a campaign, plans for the fight will be made. Chairman Trevor was also authorized to name a nominating committee of two members to pick leaders for the Law and Order

## PE-RU-NA DID WONDERS FOR ME.

MRS. ROSA BOYER

Mrs. Rosa Boyer, 1421 Sherman avenue, Evanston, Ill., writes: "If any one has reason to praise Peruna it is surely myself."

"Last spring I became so run down from the serious effects of a lingering cold, that several complications united in pulling me down. I could neither eat nor sleep well and lost flesh and spirit."

"I finally tried Peruna and it did wonders for me. In two weeks I was like another person and in a month I felt better than I ever had before. I thank Peruna for new life and strength. I send you two pictures, so you can see what Peruna has done for me."

Some people find it more convenient to take tablets than fluid medicine. This is especially true of busy men who have some untimely affliction, or some trouble with the stomach that does not actually prevent them from working as usual. We have had the Peruna made into tablets for those who prefer to use them that way.

Every one ought to get a copy of the latest edition of the "Ills of Life." It contains many astonishing testimonials and a great many suggestions for people who wish to get well and who wish to keep well.—(Adv.)

## MIDLAND PROPERTY SELLS FOR \$21,500

J. D. Metzgar of Moline Is New Owner—Price Will No Doubt Be Confirmed by Referee.

The real property of the defunct Midland Motor company was sold this morning to J. D. Metzgar of Moline for the sum of \$21,500. Bidding was rather spirited, with a man from Rock Island and another from Davenport offering considerable opposition, one of whom bid \$21,300. The auction is being conducted at the plant in East Moline. Probabilities are the purchase price of Mr. Metzgar will be confirmed by a referee in bankruptcy. The price previously offered by George W. Johnson of Moline was \$17,000, while the appraisal value of the property was \$46,000.

Yesterday afternoon personal property of the company recently purchased by Sam Winternitz of Chicago, was sold at public auction, and motor concerns from all over the country were represented at the sale. The stock consists of automobile parts in various stages of manufacture.

## OBSERVATORY NO. 1 AFTER MEMBERS

North Star Benefit Association Starts Contest With 700 as Mark.

Observatory No. 1 of the North Star Benefit association has set its membership mark at 700. It is now 645 and it is believed that the higher figure will be reached in the campaign which was inaugurated at the regular meeting last night at Swedish Olive hall. Three cash prizes of \$25, \$15 and \$10 will be offered for the members showing the best results from now till the first of the year. A committee to have charge of the contest was named, consisting of Charles Brunstrom, E. E. Nyquist, C. V. Swanson, Gust Carlson, E. W. Johnson, Adolf Lind, John Larson and John A. Swanson.

It was decided to follow the annual custom of holding a Christmas entertainment at the regular meeting falling near the holiday season, which will be Dec. 30 this year. A committee to arrange for this was named, composed of Mrs. Emily M. Swanson, Mrs. E. A. Edlin, Mrs. J. A. Swanson, Mrs. Gustaf Arp, Miss Lorena Aron, Charles Brunstrom, C. V. Swanson, Albin H. Anderson, Oscar Swenson and Cafeb Forsell.

After the business meeting there was a program, including piano and vocal numbers and addresses by Sol Hirsch and Dr. E. A. Edlin. An oyster supper was served.

Owing to the fact that the Christmas exercises will be held on the regular election night the officers will be chosen at the meeting of Dec. 2.

## HOSFORD HEAD OF UNIVERSITY CLUB

Officers of New Organization Elected and Charter Will Be Secured.

At a meeting at the Commercial club last evening the Moline University club was formally launched with Richard S. Hosford as president. Other officers are:

Vice president—Clark G. Anderson. Secretary—Frank J. Landee. Treasurer—J. F. Ervin.

Directors—Max Slovsky, 1 year; W. H. Schulzke and E. B. Rose, 2 years; Rev. R. S. Haney and G. W. Mixer, 3 years.

Most of those attending the meeting signed the charter, which will be kept open till Dec. 1. Members will be expected to stir up interest among other university men in the community.

The next meeting will be held on the fourth Tuesday in November, probably at a room in the library building. Harry Ainsworth was named as a committee of one to arrange for quarters. The directors will meet and name standing committees before the next regular session, and a charter will be applied for at once.

### W. O. W. to Be Hosts.

Moline Woodmen of the World have issued invitations to members of the society in this city, Rock Island and Davenport to attend a card party and box sociable at Turner hall on the evening of Tuesday, Nov. 4.

### To Initiate 15.

Moline Lodge No. 133, I. O. O. F., is planning a big celebration for the meeting of Nov. 11, when a class of 15 will be given the initiatory degree. A number of applications were received last evening.

### Foot Is Crushed.

Nels Bergstrand had one of his feet seriously crushed in a machine at the Argyle works at Carbon Cliff Monday. The machine was stopped in time to prevent his leg being drawn into it.

## GIRL APPARENTLY VICTIM OF A PLOT

Walerya Zazonez, Whose Deportation Was Asked by Uncle, Is Released.

### IMMIGRATION OFFICE ACTS

Appears That Relative Had Threatened Her to Force Marriage and Payment of Money.

Instead of having been brought to America for immoral purposes, Walerya Zazonez, the 17-year-old Russian girl arrested last Thursday at the instance of her uncle, Frank Graczek, 414 Sixth street, appears to have been the victim of a foul conspiracy, the object of which was to force her into an undesirable marriage and extort money from her or else cause her deportation to Russia with a stain upon her reputation. The girl was released by the Moline police today on orders from the federal immigration office at Chicago.

An immigration inspector was here last week to secure evidence in the case and also that of Celina Rosires and Edmond Negauck, the couple who eloped from Belgium, the man deserting his wife and eight children. The last two named are still prisoners in the county jail and it is not known what disposition will be made of their case. The Russian girl, however, because of her youth and apparent innocence, was kept at the local station in charge of the police matron.

### UNCLE COMPLAINED BEFORE.

Walerya's case had been brought to the attention of the authorities prior to her arrest Thursday on complaint of her uncle. The latter a few weeks ago went to the police matron and complained that the girl had stolen some clothing. The police investigated and found that she had purchased the apparel with money loaned by another relative. Finally, however, it was decided to bring the girl into police court on a disorderly conduct charge, which was done, and she told her story. From her account it appeared that her uncle desired her to marry a certain man of his selection, and to pay him \$100 which he claimed to have loaned the girl to pay her passage to America.

According to the story brought out at that time, Graczek had sent \$100 to his mother in Russia, who had voluntarily given it to her sister to be used in sending Walerya to America. Since coming here early in the summer, the girl has made her home with her uncle, who now claims that she is under obligations to repay to him the money his mother gave her.

At another time the girl consulted a local attorney, claiming that her uncle had beaten her, and exhibiting a discolored eye as proof of her story. The attorney, however, advised her to let the matter rest without swearing out a warrant.

### OTHERS ARE INTERESTED.

Since the girl has been held a prisoner a number of local Russians have interested themselves in her behalf. Her aunt, too, who disclaims any responsibility for her uncle's attitude in trying to force her into marriage with him, has visited her every day and saw that she had an attorney.

It is possible that a charge of conspiracy may be filed against the uncle as a result of his activities in bringing charges and seeking the deportation of his niece. He was discharged by Deere & Co., by whom he had been employed until his part in the case became known.

Local Belgian-Americans are working for the release of Celina Rosires, whose case, together with that of her paramour, Edmond Negauck, is still under consideration by the immigration authorities. They are anxious that the man be deported, but desire to have the girl, who is but 18 years of age, left in this country.

## PROGRAM READY FOR CHURCH CONFERENCE

Following is the program for the fall meeting of the Rock River Association of Congregational Churches, which will be held at the Plymouth church in East Moline Tuesday and Wednesday, Nov. 11 and 12:

### TUESDAY.

Topic—"The Church." 9 a. m.—Devotionals, Rev. Mr. Shoemith, Cornwall. 9:30 a. m.—Business. 10 a. m.—"The Church in Her Composite Unity," Rev. W. E. Murray, Rock Falls.

10:45 a. m.—Discussion. 11 a. m.—"The Result Upon the Life of the Modern Church of the Change of Emphasis on the Doctrine of Hell and Eternal Punishment," Rev. W. W. Tuttle, Geneseo.

11:45 a. m.—Discussion. 12 m.—Dinner.

2 p. m.—Woman's hour, Mrs. Ainsworth, Moline.

Devotional services.

Report of president, Mrs. Stella H. Ainsworth, Moline.

Song, Mrs. C. A. Peterson.

Paper, "The Problem of the Rural Church," Mrs. P. C. Ladd.

Song.

Conference of women on home missionary work.

6 p. m.—Supper.

7:30 p. m.—Devotionals, Rev. P. C. Ladd, Moline.

Offering for ministerial relief, Dr.

## MAY START WORK ON BIG PROJECT IN A FEW WEEKS

Conforming of Assessment Insures Beginning of Sewer and Watermains.

### COVERING THE EAST END

Cost Will Be More Than a Quarter of a Million—Bids Will Be Advertised for.

Confirmation by Judge B. S. Bell in county court this morning of assessment rolls for the improvement insures an early beginning on Moline's quarter of a million dollar sewer and water system to cover the district east of Thirty-fourth street. A meeting of the commission will be held at once to decide on a time for advertising for bids.

"We hope to get the work started this winter," said Commissioner Clark G. Anderson today, "and if we do the sort of weather we have will determine how much can be accomplished before spring. With an open winter operations can be continued in some form or other nearly all the time."

The ordinance for the improvement was passed April 28, last. It provided for a sewer system and sewage treatment tank costing, according to the engineer's estimate, \$119,758. Water mains to be laid in what is known as the east water district will cost \$108,709, the total being \$228,467. Two miles of sewers and mains are included in the project, which is the largest ever undertaken by the city.

### DELAYS ARE MANY.

Since the ordinance was passed and the matter was placed in the hands of the county court there have been many delays due to objections on the part of property owners as to assessments or other matters. All have now been either overruled or withdrawn.

### WILL VOTE ON HOSPITAL

East Moline Citizens Sign Petition for Election.

Sufficient signatures have been secured to the petition for a vote on a city hospital to insure favorable action by the city council of East Moline. The question of levying a special hospital tax will be placed on the ballots at the spring election, in all likelihood. The tax will yield about \$7,000 a year. In addition to the funds secured by special tax subscriptions are being received to insure the early beginning of work on a building.

### Postpone Letting Contract.

Awarding of a contract for automatic stokers for the waterworks boilers was laid over at the meeting yesterday till certain points in the specifications are explained by Fred J. Postel, consulting engineer. Two small boiler feed pumps were ordered.

### OBITUARY RECORD

#### PETER L. ALLEN.

Peter L. Allen, a machinist employed at the Deere & Co. plant, died at 11:10 this morning at his home, 1028 Ninth street, as result of heart trouble. He had been sick for 10 days.

Mr. Allen was born June 3, 1870, in Sweden. He came to America 24 years ago and located in Omaha. In 1892 he moved to Moline, where he had since resided.

Besides the widow, he leaves three children, Elsie, Arvid and Herbert, at home; his mother, two brothers and one sister in Sweden, and one brother and two sisters in this country.

The funeral will be held at 2:30 Friday afternoon from the home, with the Vikings in charge. Rev. R. S. Haney will read the service.

#### LOUIS BECK.

The funeral of Louis Beck was held at 2 o'clock this afternoon from the home, 415 Eighth street. Services were private and were conducted by Rev. F. J. Rolf of Rock Island. Interment took place in Riverside cemetery. Mr. Beck was 43 years of age and had been a resident of Moline all his life.

### BUILT RIGHT

#### Stomach, Nerves and Thinner Restored by Grape-Nuts Food.

The number of persons whose ailments were such that no other food could be retained at all, is large and reports are on the increase. "For 12 years I suffered from dyspepsia, finding no food that did not distress me," writes a Wisconsin lady. "I was reduced from 145 to 90 pounds, gradually growing weaker until I could leave my bed only a short while at a time and became unable to speak aloud."

"Three years ago I was attracted by an article on Grape-Nuts and decided to try it."

"My stomach was so weak I could not take cream, but I used Grape-Nuts with milk and lime water. It helped me from the first, building up my system in a manner most astonishing to the friends who had thought my recovery impossible."

"Soon I was able to take Grape-Nuts and cream for breakfast and lunch at night, with an egg and Grape-Nuts for dinner."

"I am now able to eat fruit, meat and nearly all vegetables for dinner, but fondly continue Grape-Nuts for breakfast and supper."

"At the time of beginning Grape-Nuts I could scarcely speak a sentence without changing words around or 'talking crooked' in some way but I have become so strengthened that I no longer have that trouble." Name given by Postum Co., Battle Creek, Mich.

"There's a reason" and it is explained in the little book, "The Road to Wellville" in packages.

## CLOTHWORTH \$200 TAKEN FROM SHOP

Frank J. Ganz Tailoring Establishment Broken Into and Looted.

Burglars last evening raided the tailor shop of Frank J. Ganz, 1418 Fourth avenue, taking goods valued at not less than \$200. Mr. Ganz has not been able to determine exactly what is missing, but he estimates his loss at that amount. The thieves evidently were good judges of the values of cloth and took their time in making the selection. They secured entrance through a rear window. The glass was broken and the catch unfastened, making it possible to raise the window from the outside.

Since the ordinance was passed and the matter was placed in the hands of the county court there have been many delays due to objections on the part of property owners as to assessments or other matters. All have now been either overruled or withdrawn.

Sufficient signatures have been secured to the petition for a vote on a city hospital to insure favorable action by the city council of East Moline. The question of levying a special hospital tax will be placed on the ballots at the spring election, in all likelihood. The tax will yield about \$7,000 a year. ## DANCES GIVEN APPROVAL OF CENSOR FOR CHICAGO

Chicago, Ill., Oct. 29.—Major M. C. F. Funkhouser, second deputy superintendent of police and Chicago's morals censor, yesterday put his official O. K. on the rag time dance. He not only declared the tango, the one step, maxixe, and other syncopated steps were perfectly moral—if danced properly—but he nearly did the turkey trot with one of Chicago's police-women. Only the presence of several newspaper photographers with cameras leveled prevented him.

Accompanied by several well known social workers and policewomen Major Funkhouser marched over to the dancing studio of A. E. Bourneque. There Prof. Bourneque and his dancing partner went through the various modern dances as he says they should be danced.

"That's fine," said the major. "There's nothing objectionable in those dances and now our women police know how the tango should be danced and have something on which to base their criticism of the steps they see at the dance halls."

The social workers and the police-women echoed the remarks of the major. Then the piano player struck up "Too Much Mustard." Toes began to tap. Shoulders moved up and down. Prof. Bourneque and Miss Alice Clements, a policewoman, started going through some of the simple rag steps. And then Major
